## **Class Policies**

Students are expected to complete weekly readings and assignments as scheduled.

All papers must be typed and comply with current APA standards for publications.

All papers should reflect graduate content and preparation. Careless preparations and/or inappropriate presentation will adversely affect the grade for the assignment. No late assignments will be accepted.

## **Religious Holidays**

Because of the extraordinary variety of religious affiliations of the University student body and staff, the Academic Calendar makes no provisions for religious holidays. However, it is University policy to respect the faith and religious obligations of the individual. Students with classes or examinations that conflict with their religious observances are expected to notify their instructors well in advance so that mutually agreeable alternatives may be worked out.

## **Student Disabilities Services**

If you have a documented disability that requires accommodations, you will need to register with Student Disability Services for coordination of your academic accommodations. The Student Disability Services (SDS) office is located at 1600 David Adamany Undergraduate Library in the Student Academic Success Services department. However, during the fall 2020 semester SDS will only be delivering services remotely. The SDS telephone number is 313-577-1851 (main number) or 313-202- 4216 for videophone use. Please continue to use these numbers as SDS is still receiving calls. Once you have your accommodations in place, I will be glad to meet with you privately during my office hours to discuss your special needs. Student Disability Services' mission is to assist the university in creating an accessible community where students with disabilities have an equal opportunity to fully participate in their educational experience at Wayne State University. You can learn more about the disability office at [www.studentdisability.wayne.edu](http://www.studentdisability.wayne.edu)

## **Counseling and Psychological Services (CAPS)**

It is quite common for college students to experience mental health challenges, such as stress, anxiety and depression that interfere with academic performance and negatively impact daily life. Help is available for any currently enrolled WSU student who is struggling with a mental health difficulty, at WSU Counseling and Psychological Services ([caps.wayne.edu](http://caps.wayne.edu); 313 577-3398). Other options, for students and nonstudents, include the Counseling and Testing Center, and the Counseling Psychology Training Clinic, in the WSU College of Education (<https://education.wayne.edu/counseling-clinic>). *Services at all three clinics are free and confidential. Remember that getting help, before stress reaches a crisis point, is a smart and courageous thing to do – for yourself, and for those you care about.* Also, know that the WSU Police Department (313 577-2222) has personnel trained to respond sensitively to mental health emergencies at all hours.

#### **Academic Dishonesty – Plagiarism and Cheating**

Academic misconduct is any activity that tends to compromise the academic integrity of the institution or undermine the education process. Examples of academic misconduct include:

- Plagiarism: To take and use another's words or ideas as your own without appropriate referencing or citation.
  - College of Education policy on plagiarism: The College of Education has a “zero tolerance” approach to plagiarism and other forms of academic dishonesty. Plagiarism includes copying material (any more than 5 consecutive words) from outside texts or presenting outside information as if it were your own by not crediting authors through citations. It can be deliberate or unintended. Students are advised to think carefully and thoroughly, ask for help from instructors if it is needed, and make smart decisions about their academic work.
- Cheating: Intentionally using or attempting to use or intentionally providing unauthorized materials, information or assistance in any academic exercise. This includes copying from another student's test paper, allowing another student to copy from your test, using unauthorized material during an exam and submitting a term paper for a current class that has been submitted in a past class without appropriate permission.

- Fabrication: Intentional or unauthorized falsification or invention of any information or citation, such as knowingly attributing citations to the wrong source or listing a fake reference in the paper or bibliography. Other: Selling, buying or stealing all or part of a test or term paper, unauthorized use of resources, enlisting in the assistance of a substitute when taking exams, destroying another's work, threatening or exploiting students or instructors, or any other violation of course rules as contained in the course syllabus or other written information.

Such activity may result in failure of a specific assignment, an entire course, or, if flagrant, dismissal from Wayne State University. <https://doso.wayne.edu/conduct/academic-misconduct>

### **Course Drops and Withdrawals**

In the first two weeks of the (full) term, students can drop this class and receive 100% tuition and course fee cancellation. After the end of the second week there is no tuition or fee cancellation. Students who wish to withdraw from the class can initiate a withdrawal request on Academica. You will receive a transcript notation of WP (passing), WF (failing), or WN (no graded work) at the time of withdrawal. No withdrawals can be initiated after the end of the tenth week. Students enrolled in the tenth week and beyond will receive a grade. Because withdrawing from courses may have negative academic and financial consequences, students considering course withdrawal should make sure they fully understand all the consequences before taking this step. More information on this can be found at: [http://reg.wayne.edu/Withdrawing\\_From\\_a\\_Course.php](http://reg.wayne.edu/Withdrawing_From_a_Course.php)

### **Class Recordings (Face to Face Instruction)**

Students need prior written permission from the instructor before recording any portion of this class. If permission is granted, the audio and/or video recording is to be used only for the student's personal instructional use. Such recordings are not intended for a wider public audience, such as posting to the internet or sharing with others. Students registered with Student Disabilities Service (SDS) who wish to record class materials must present their specific accommodation to the instructor, who will subsequently comply with the request unless there is some specific reason why s/he cannot, such as discussion of confidential or protected information.

### **Technology Access and Support**

Because this is a WEB course, all or part of your instruction will require reliable hardware including a desktop or laptop computer with reliable internet access, camera, microphone, and speakers, as well as appropriate software including a web browser, Microsoft Office (a [vailable at no charge to students](#)), and the Canvas app (also free to students).
